

AssuredAccessSM

Leverage market expertise and routing intelligence to manage global traffic

AssuredAccess is a fully managed solution that lets Members take advantage of Arbinet's robust marketplace and expertise in managing global termination routes.

Arbinet creates AssuredAccess A-Z rate sheets by hand-selecting routes from the best suppliers, and then efficiently routes traffic. Arbinet selects the best carriers on the exchange so calls achieve the highest possible performance at specific cost targets.

Termination Options from A to Z

With over 1,300 worldwide termination destinations, AssuredAccess is a fully managed one-stop solution for international call routing.

Flexible Service Delivery

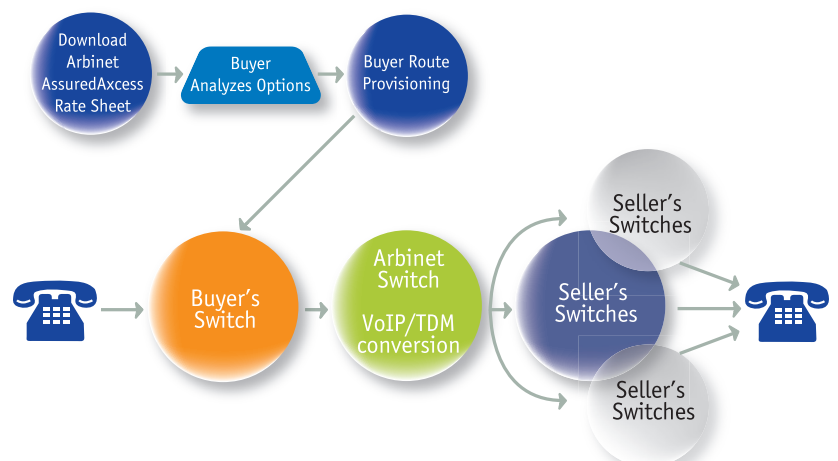

Reliable pricing and quality along with full range of destinations provide a convenient solution for managing all your primary international traffic.

Alternatively, easily manage secondary, tertiary or overflow traffic to improve focus on core services. Manage select routes to specific destinations, low volume or specialty markets without long term/volume commitments or contracts.

Key Benefits
